08 CONTEMPO FIRE EXTINGUISHERS (CO₂)

Whatever the setting, school, construction site or office space, safety is not an area where there can be a compromise. A fire extinguisher is a vital and compulsory piece of equipment but where its' appearance is important, particularly with aesthetics, we supply a range of fire extinguishers to complement the very finest interiors.

CONTEMPO FIRE EXTINGUISHERS (FOAM)

Contempo devices are ideal for luxurious and high-end settings like boutique hotels, modern bars, restaurants and contemporary offices. This range is an industry first, constructed with a gold, stainless steel and hand-finished antique copper finish.

These stunning units look fantastic against a backdrop of deep, moody blues or high ceilings with period character. They are hand finished to give their premium appearance.

Our stainless steel extinguishers have a polished finish with stainless steel handles as standard. Being one of the most corrosion-resistant metals known, these sturdy and tough units are proven to withstand harsh environments.

Our brushed, antique copper extinguishers have been hand finished and are ideal in boutique hotels, contemporary bars and restaurants. Each finish has matching tubular stands and ID signs available for a truly captivating overall look.

09 FIRE SAFETY SIGNAGE

Fire safety signs are vital, providing guidance on what to do in times of an emergency. Our signs are photoluminescent to ensure they're seen even in low visibility conditions. Our fire safety signs ensure your premises can comply with current legislation.

Emergency exit signs

Fire exit signs are designed to clearly explain the location of the nearest emergency exit in the event of fire or any other emergency. Fire exit signs display directional arrows or a running figure and the words 'fire exit' to direct people off the premises. Available in photoluminescent as standard for visibility in low light conditions. equipment, the fire doors and understand what action to take.
